ALL IN ONE CLEANING for Armonia Soft Plus

New integrated one-step cleaning concept:
all cleaning operations are completely automatic to save time and cut down on operating costs. The operator, takes only a few minutes to start the cleaning, which runs automatically.

OPTION

Premium Grinder Set Up grinders ready to keep a constant grind setting	**Direct Coffee Ground Discharge** to discharge coffee grounds directly into a bin placed under the machine
MTT Milk Pump (LM only) to set the desired temperature for each milk-based drink and get a perfect foam	**MaxSave Energy Saving (Soft Plus only)** to detect the presence/absence of users to reduce energy consumption
Coffee Hopper 1.1 Kg to maximize the capacity of the hopper to 1.1 Kg	**Cup Station** door covering the dispensing area to guarantee max. safe and hygenic conditions, recommended in self serve applications
Instant Container 3.0 l to maximize the capacity of the instant container to 3.0 l	
Aroma Diffusion to spread a nice coffee aroma in the environment and remove steam inside the machine	**Card Reader** contactless transponder to read smart cards
Cup Positioning to place cups right under the delivery spout	**Cellular Modem** telemetry system to check machine data and revenues, as well as update machine parameters via remote control
Hopper Lock to close the hoppers with a lock	**Coin Acceptor + box** coin box for self serve payments programmable for any currency, no change giver
