

Armonia Ultra

The innovation continues with the new 10" touch screen that can be configured to display any type of drink selections and show videos. The intuitive user interface menu makes programming and use an easy task. CARImilk, the new dynamic milk technology, guarantees perfect milk foam every single time, ensuring the best consistency and thickness of both hot and cold foam milk beverages. The efficient automatic cleaning systems ensure that the strictest hygiene standards are always met, as well as reduce daily cleaning operations. Armonia Ultra is matched by fridge Ultra with high capacity milk storage, available with single or double milk tank to offer a wider choice of milk based drinks. CARicare, the new Carimali cloud platform, enriches the offer by providing a bi-directional connection to Ultra machines to handle all parameters, reduce service calls and maximise customers' investments.
